

MuleSoft Integration

Enhance your tech stack

Apps Associates provides industry-leading Salesforce strategy and implementation for customers looking to transform their business. We specialize in complex data structure and integration, and we are focused on enabling world-class prospect, customer, and employee experiences in complex environments where ERP integration matters.

Apps Associates – Integration Expert

- ✓ The Apps Associates Business Integration & Automation (BIA) practice assists customers in the evaluation, implementation, and support of various technologies including MuleSoft, Salesforce, and more.
- ✓ Our team holds over 20 MuleSoft certifications, and has completed over 25 projects utilizing MuleSoft as our data integration partner.

Discover Tech Harmony

Today's technology landscape requires several applications to work harmoniously together to run your business; tons of valuable data is stored in multiple systems, from applications in the cloud to databases installed on-premises. Apps Associates' approach to integration helps you simplify those systems so that information can flow freely between them, unlocking the powerful insights it holds and giving you the tools to transform your business.

MuleSoft Integrations Workshop

Apps Associates offers a complimentary Integration Workshop that will help you identify your different systems and the critical data they hold. We'll identify optimal integration points and how a middleware platform like MuleSoft can help you achieve Tech Harmony.
